# Seminar on Manufacturing Automation

21st August 2015, Pragati Maidan, New Delhi

## Background

For automation to be successful, several aspects such as selection of automation system, system integration and organizational environment needs careful consideration. The range of automation tools vary from simple, low-cost equipment to highly sophisticated and expensive systems. Appropriate level of automation reduces cost in manufacturing not only through increased productivity, but also improves quality through consistent and reliable production.

Keeping this in view, Indian Machine Tool Manufacturers' Association (IMTMA) is organizing a seminar on Manufacturing Automation on 21 August 2015 at Pragati Maidan, New Delhi (Coinciding with Delhi Machine Tool Expo 2015). The programme will focus on various elements of automation and the economic benefits derived through applying automation in the manufacturing process. Participants will get an overview of the application of automation and technical information for implementation in their organizations.

## Programme Schedule

- 0930 – 1000 Registration
- 1000 – 1145 Concepts of Low Cost Automation and Economic Justification of Automation  
**Mr. Gautam Doshi, Advisor, IMTMA**
- 1200 – 1400 Elements for Automation; Various possibilities of manufacturing automation;  
System Integration & Implementing Automation successfully  
**Mr. Naresh Kantoor, Encon Systems**
- 1400 onwards Conclusion followed by Exhibition visit

### Participation Fee (Non Residential)

Rs. 2000/- + 14% service tax per participant. (For IMTMA Members & SSI Companies)

Rs. 2500/- + 14% service tax per participant. (For Non-Members / Large & Medium Companies)

For Registration Please contact : Mr. Abhay Kumar, Senior Executive Officer, IMTMA  
Tel : +91-124-4014101 - 04; E-Mail : [abhay@imtma.in](mailto:abhay@imtma.in)

## About Delhi Machine Tool Expo 2015

Delhi Machine Tool Expo 2015 - A one stop destination to demonstrate the latest technologies in the field of metal working machinery, low cost automation, material handling and quality control systems and equipment, together with off-the-shelf production aids, accessories, consumables, software & consultancy. The Expo is designed to address today's rapidly changing productivity and quality requirements and demonstrate solutions to manufacturing industries, especially SMEs. Machine Tool Expo 2015 is a business-to-business(b2b) exhibition that will encourage manufacturing industries, job shops and SMEs to reach for higher quality, productivity and achieve competitiveness by adopting modern machines and technology.
