

## **“IMTMA Design Institute - Gurgaon” Inaugurated at NCR-DELHI**

---

Indian Machine Tool Manufacturers’ Association (IMTMA) has opened its third ‘Design Institute’ in Gurgaon. The Design Institute was inaugurated on 15 February 2016 by Mr. S.K. Gupta, Senior Consultant and a former employee of Tata Motors at IMTMA’s Gurgaon office.

The Design Institute has been established by IMTMA to provide world class training to machine tool industrial designers and inculcate in them a sound design knowledge and capabilities to take up the design task with confidence. This initiative creates a machine tool designer talent pool which can be tapped by industries.

IMTMA will conduct its first Inaugural programme “Design of Fixture – Specialization” from 15 February to 20 February 2016 at the newly opened institute.
